

## Associate Board Overview

### About New Moms:

*We envision a future where every family thrives.*

We work to fulfill this vision through our mission to strengthen families by partnering with young moms as they progress toward housing stability, economic mobility, and family well-being. Our 2-Generation approach puts families experiencing poverty in control of their goals and unleashes their potential. We partner with families to construct the foundation of well-being by strengthening core life skills, incorporating early childhood development supports, building pathways to and preparation for education and employment, and expanding positive social networks and access to community resources.

**Bright Endeavors** is New Moms' social enterprise candle company and is a critical component of our Job Training program. Bright Endeavors exists to provide transitional job training and professional skill development for young moms who are working to build strong families.
